DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities 'too sharp' for bad-check 'operators.'

STEAM CLEANING

WALL TO WALL SPECIALISTS

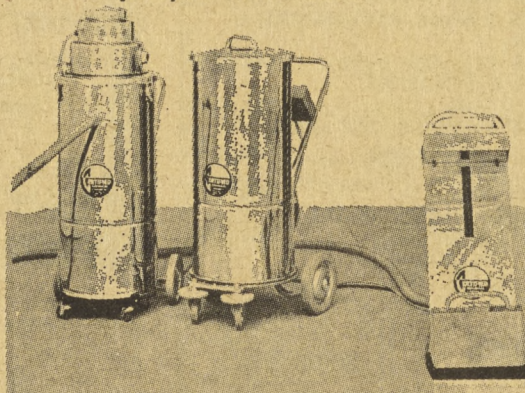

IN Carpet Cleaning

(JET AND EXTRACTION) CLEANING

LATEST UP TO DATE EQUIPMENT

ALSO FINE UPHOLSTERY CLEANING - "for people who care"

Pioneered Since 1925

THE STEAM CLEAN SYSTEM that really extracts embedded grit and soil from carpet pile and carpet backing.

REMOVES STATIC ELECTRICITY by means of an *exclusive* high frequency tamping bar—which holds the soil deep in the pile of the carpet and the soil is brought into suspension. Then, instantly, the moisture and soil are removed by a powerful vacuum.

GENTLY RESTORES PILE—uses no brushes or scrubbing action to distort and wear pile

ECONOMICAL—your carpet stays cleaner longer, leaving no residue in the carpet fibers to collect dirt.

JET-STEAM CLEAN

SOIL EXTRACTION

STEAM CLEANING . . . Facts you should know!

AT FASHION WE LEAD OUR FIELD WITH THE
FINEST EQUIPMENT AVAILABLE — JET-STEAM

4 WAYS BETTER THAN ORDINARY STEAM-CLEAN

1. **NO ELECTRICITY OR HOT WATER!** Our Jet Steam equipment is completely self-contained and powered. There is no need to use your hot water or electricity as with ordinary steam clean.
2. **NO HEAVY EQUIPMENT!** No heavy equipment is brought into your home. Our self-contained unit stays outside, out of your way, only the cleaning wand enters your home.
3. **THREE TIMES THE SOIL EXTRACTION POTENTIAL!** Extraction pressures are a constant 10 lbs. per square inch with 350 cubic feet of air per minute. Dirt, moisture, and shampoo residue literally whistle out of your carpet. The pile is left drier and cleaner.
4. **THREE TIMES AS POWERFUL!** Jet Steam injection pressures average 300 lbs. per square inch. Dirt is blasted loose by the high pressure, atomized spray, yet it is so fine that carpet fibers are gently massaged and fluffed.
